Smoke

Smoke drifts out of Kai's mouth.

Henjo looks up from the bench and licks his lips.

Kai takes another hit of his cigarette, little curly trails float around his hair.

Henjo fumbles with his own cigarette, eyes too busy staring at Kai.

A smile curves across Kai's lips as he takes another hit. He blows it out slowly, the smoke trickling out through his parted lips.

Henjo groans, shifting in his seat and trying to look away.

Kai chuckles and finishes off his cigarette, pitching it to the side.

Henjo sighs, watching Kai go inside and goes back to smoking.
